

1 January 2025 - 31 December 2026

SuProM aims to improve sustainable project management skills of university staff, align them with labor market needs, and strengthen cooperation within Western Balkan universities, fostering international partnerships and long-term sustainability. It is structured in three phases: analysis of current practices, training provision, and integration into university curricula.

"Funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Education and Culture Executive Agency (EACEA). Neither the European Union nor the granting authority can be held responsible for them."

Project # 101177983

Recent HE reforms highlight the need for stronger sustainable project management expertise

Challenges

- 1 Limited knowledge among academic staff and students
- 2 Lack of resources in public institutions
- 3 Limited training opportunities in public institutions deepen disparities

Specific Objectives

- 1 Improving the quality and labour market relevance of higher education
Training programs aligned with labour market needs
- 2 Fostering institutional cooperation & capacity building
Collaboration between HEIs & EU partners for knowledge transfer and institutional modernization

SuProM response

Project management process analysis at HEIs →

Project management trainings for HEIs communities →

Development of project management courses in HEIs in Albania and in Bosnia and Herzegovina
